PREFACE

Deaf Welfare Awareness Foundation

Deaf Welfare Awareness Foundation was first established in 1977 by Sheikh Muhammad Mansha, the President of the foundation. Sheikh Muhammad Mansha suffers from deafness himself and hence he understands the plight of the deaf community better than anyone. It is his own experience that has been driving him to work tirelessly for the betterment of the deaf community for almost 5 decades. In 2022, at the age of 80+ years, Mr. Mansha continues his efforts and serves as both a guardian and an example to the very people he is trying to help, that they can accomplish anything they dream of regardless of what the world around them tells them, and Deaf Welfare Awareness foundation is dedicated to erasing all obstacles in their way.
